

The Weather

CANADIAN GOVERNMENT FORECAST
Today and Thursday—Fair and mild, possible showers.
Sun rises Thursday 4:27. Sets 8:35. Light breezes by 8:30.
Edmonton Temperatures—3 pm yesterday to 9 a.m. today: Minimum 36 above; Maximum 61, 63 above.

FIFTY-EIGHTH YEAR, VOL. LVIII, No. 115

Their Majesties Pay Call On Canadians

Opening the Empire exhibition at Glasgow, their majesties, the King and Queen, remained for 15 minutes in the Canadian pavilion although their visit to other pavilions to last as little as two minutes. The royal party is shown, above, as it left the Canadian exhibit during the inspection tour of the exhibition.

Heart Of Empire Now Beats at Bellahouston

GLASGOW, May 18.—The heart of Empire last London now—the Bellahouston Park in Glasgow. That's the impression conveyed by Scotland's empire exhibition at Bellahouston, which drew 450,000 people during its first three days.

The commonwealth in miniature is depicted here. Industry and the arts have their place. Religion is represented by four churches. For the entertainment-loving there is elaborate amusement park.

Life and activity of the Dominions are well portrayed in the pavilions. Canada, for instance, has a dominating feature the largest map of the Dominion in the world. It covers more than 1,000 square feet and weighs more than a ton.

The map was painted by Major George Patterson, formerly of Victoria, on burnished Canadian copper. It was worked out from model only six feet long, divided into 100 squares, each representing a Dominion. The map is surrounded by a series of plaques, each depicting a Dominion. The map is surrounded by a series of plaques, each depicting a Dominion.

Strategic City Walls Battered By Big Guns—Civilians Flee

SHANGHAI, May 18.—Desperate Chinese resistance held Japanese assault units well away from the walls of battered Suchow tonight, while Chinese reported other Japanese forces in the Tangshan sector, 50 miles west of Suchow, had been thrown back.

SHANGHAI, May 18.—Japanese tonight reported the Chinese had started a general retreat from Suchow as artillery battered the strategic city's walls preparatory to an infantry assault.

Thousands of soldiers and civilians were said to have left the city by the east gate, pouring through the countryside to avoid the Japanese column closing in on all sides.

Emphasizing the bitterness of the fighting for the important rail junction, Japanese forces received new orders that no prisoners are to be taken, so as to shorten the war.

The order means the Japanese must try to annihilate the enemy completely. The Chinese now also have been instructed not to take prisoners.

Capture of Suchow would give the Japanese control of the Tientsin-Pukou railway for its full length from Tientsin to Pukou, across the Yangtze river from Hankow, and link up the north China conquests with its conquered areas in the Yangtze valley.

Meanwhile apprehension was felt for foreigners believed to be in Suchow, including 20 Canadian Roman Catholic priests and seven Canadian Roman Catholic nuns.

Outside the south wall of Suchow, four United States Presbyterian missionaries were in the path of one of the advancing Japanese columns.

Quintuplets Now Normal Children

CALLANDER, Ont., May 18.—The Quintuplets, born May 18, 1934, by no chance of survival at their birth four years ago, today are in perfect health and are "perfectly normal children in respect to physical development," according to three noted specialists.

Calgary Strikers Take Secret Vote

CALGARY, May 18.—A secret ballot Calgary relief strikers, protesting a reduced scale of monthly allowances, will decide on the acceptance or rejection of a compromise offer made to them Tuesday by city commissioners.

If You Don't Get The Bulletin, You Don't Get All The News — Nor The Pictures!

The Bulletin

AN INDEPENDENT NEWSPAPER IN PUBLIC SERVICE

EDMONTON, ALBERTA—WEDNESDAY, MAY 18, 1938

Canada Plans To Report Big Losses Army To Prairies

REYNOLDS, May 18.—R. W. Campbell, member of the executive of the relief project workers union, has told the Vancouver Trades and Labor Council that Vancouver's single unemployed union members want jobs guaranteed before they accept transportation back to the prairies.

The labor group to solve the unemployment problem is a proposal from Victoria to send 1,000 men back to the prairies. I can tell you it is no more pleasant to starve on the prairies than in Vancouver.

"We will only accept transportation back there if jobs are guaranteed to us at the other end," he said. He asked the council to send a delegation to Victoria to ask for work program to rehabilitate the unemployed. But no action was taken on that suggestion.

Campbell's statement was apparently in answer to an announcement by the Labor Minister, George Pearson at Victoria yesterday that the government would accept unemployed workers of the prairies to return to their home provinces.

A European war did not necessarily mean world war, he said, and expressed the personal belief that a world war was remote. However, he thought a united British-American front would have a vital effect in preserving peace and curbing aggression.

Beaverbrook did not minimize the responsibility of British air forces being immediately brought up to strength to meet any situation and suggested that American airplane manufacturers should establish branch factories in Great Britain where they would be kept busy for some years to come.

Beaverbrook Has Plea Britain Pay Up U.S. War Debt

Urges Two Greatest Nations Draw Closer Because of Unsettled State of Rest of World and Show United Front

By WEBB MILLER
British United Press Cable, Exclusive to The Bulletin.

LEATHERHEAD, England, May 18.—Urging that the United States and Great Britain draw closer together because of the unsettled state of the rest of the world, and pointing out that the two great English-speaking democracies were the one hope of preserving world peace by showing a united front to aggressor nations, Lord Beaverbrook, Canadian-born British peer and newspaper baron, today predicted that Great Britain would eventually liquidate her war debt of \$5,308,000,000 to the United States.

A European war did not necessarily mean world war, he said, and expressed the personal belief that a world war was remote. However, he thought a united British-American front would have a vital effect in preserving peace and curbing aggression.

He Pleads For Unity

OTTAWA, May 18.—An amazing crop of rumors has sprung up overnight. Parliament Hill, based largely on the delay in bringing down the budget.

For twenty-four hours the persistent report has been going around that parliament will adjourn after the budget is brought down and meet again for a full session.

The minister of finance has been unable to give the house a probable date for the budget and it is said the budget may not come down until fall.

ESTIMATES COMING
The minister has promised the supplementary estimates will be down this week. So long as the estimates are passed authorizing the government to spend money it is not necessary that the budget be brought down at any specific time. Lack of the budget merely means that existing taxation and income continues to be imposed until fall but is not increased.

It is impossible to hold over the budget until fall but is not increased.

Farm Conditions Are Improved By Warmer Weather

Copious Rains Add to Quota Favorable to Bumper Production—Southern Alberta Greatly Aided

Warmer weather and improved growing conditions brought joy to the hearts of farmers and gardeners on Wednesday. Following intermittent rain and cool winds which have delayed germination and kept late seeding back, overcast skies cleared Wednesday morning.

The sun shone through, and steadily rising temperatures indicated that a settled period of warm weather might be expected which would materially aid general growth.

Rain fell intermittently in Edmonton from 9 p.m. to midnight Tuesday, but only 10 inches of moisture was reported. Rain was also reported at other points, while in southern Alberta rain showers occurred on Tuesday followed by showers during the night which are continuing to fall.

RAIN FALLING INTERMITTENTLY IN EDMONTON FROM 9 P.M. TO MIDNIGHT TUESDAY, BUT ONLY 10 INCHES OF MOISTURE WAS REPORTED. RAIN WAS ALSO REPORTED AT OTHER POINTS, WHILE IN SOUTHERN ALBERTA RAIN SHOWERS OCCURRED ON TUESDAY FOLLOWED BY SHOWERS DURING THE NIGHT WHICH ARE CONTINUING TO FALL.

Popular Soft Drinks Produced at New Plant Here

Pioneer Alberta Industry Extends Facilities in City

EMBLEM USED BY INDUSTRY HAS HISTORY

Horseshoe and Buffalo Head Brand is Well-Known Canada, U.S.

Horseshoe-and-buffalo-head emblem which is the trademark for Calgary Brewing and Malting Company products is one of western Canada's oldest brands. It goes away back to the days when the late J. E. Cross, founder of the industry which has developed into one of the leading businesses in the west, went to the city.

An outstanding pioneer rancher, Mr. Cross is reported to have obtained the idea for the emblem from the ranchman. The buffalo head commemorates the early days when the rugged bison roamed in their millions across the plains of western Canada; the horseshoe is a reminder of the cowboy-ridden crosses used to round up the huge herds of cattle on miles of rich rangeland.

Mr. Cross spent many of his happiest days in the saddle, and it is related that when he founded the Calgary Brewing and Malting Company he could think of no emblem more fitting than the horseshoe and buffalo head.

QUALITY WILL BE KEYNOTE OF NEW PRODUCTS

Only Highest Grade Materials Used By Calgary Brewing Company

More than 48 years in the business has taught the Calgary Brewing and Malting Company, Limited that only the highest-grade products will maintain a manufacturer's reputation.

Hence the company, which has opened a new soft drink plant here at 104 street and 104 avenue, has spared no expense in the installation of equipment which will produce the best possible product.

HIGH STANDARD

The drinks manufactured at this plant conform in every detail to high standard set by the Calgary Brewing and Malting Company in 1892. Quality is the keynote of the company's business; purity is held high by the skilled craftsmen who have charge of the new business.

The Edmonton public will be particularly interested in the pains taken by the company to insure drinks absolutely free of germs or any foreign substance.

LATEST EQUIPMENT

Equipment includes the latest liquid carbonic bottling machine, a marvelous invention which operates with a precision much better than human hands. This machine washes and sterilizes the bottles in one operation. Bottles are fed into the device at one end and are received back at the same point, thoroughly sterilized, in rows of compartments, each row holding 12 bottles.

Seventy-five bottles of soft drinks can be handled at one time; it takes 20 minutes for a bottle to go through the thorough cleansing treatment before it is passed by an inspector as O.K.

BOTTLES SCOURED

Operations, step by step, follow: The bottle is first conveyed into a tank of caustic soda where it receives a thorough soaking; it then passes into two other tanks of automatically continuous pure water at temperatures ranging from 110 to 150 degrees Fahrenheit. Then mechanically-controlled brushes scour the bottle inside and out; more soaking in a tank of fresh water containing purifying chemicals.

Bottles are then steamed before going on the conveyor to the bottler. Each bottle receives just the required measure and to assure perfect control, tests are conducted every hour. These tests demand correct taste, body and carbonation.

33 Death Toll

ATLANTA, Ga., May 18.—Ruins of the five-story Terminal Hotel yielded seven more bodies Tuesday, bringing to 33 the known death toll of a fire that swept the structure early Monday.

Ginger-Ale, Pepsi-Cola, Lime, Lemon and Orange Drinks Manufactured

Confident that Edmonton's industrial future warrants a substantial investment in this city, the Calgary Brewing and Malting Company, Limited, has opened one of the most up-to-date soft drink plants in Canada at 104 street and 104 avenue. Believing that the capital city of Alberta is fast becoming a key centre for the Dominion, officials of the company are expecting a steady increase in business.

Ginger-ale, Pepsi-Cola, Lime, lemon and Orange drinks are being produced at the new plant, which went into production Tuesday for the first time.

EXTENSIVE RENOVATIONS

Edmonton's latest industry is housed in the Moxey Building which the Calgary Brewing and Malting Company has owned since 1913. Extensive repairs and renovations have been made, and the company has installed the most modern equipment for the manufacture of high-grade soft drinks. Master craftsmen will control ingenious machinery which insures full flavor and sanitary handling. In fact, every department of the plant has been so organized that the

operation of the business will be on a near-perfect scale.

TWO SMART TRUCKS

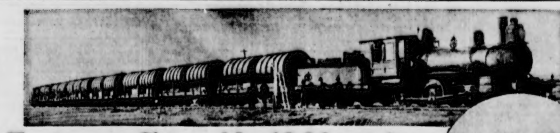

Two large smartly-lined International trucks are being used to distribute the produce in the Edmonton district.

SANITARY PLANT

In line with the company's rigid policy of sanitary control, as well as research and laboratory control, products are thus assured that every bottle of soft drink is entirely free from harmful germs.

Every drop of water used in the manufacture of soft drinks is purified; every particle of sediment is removed from the water, which in the purest state possible is heated to the proper temperature for blending with the flavoring agents.

Royal proclamation once fixed the price of goose for the Englishman's dinner on Christmas.

Equipment Shipped In 40 Years Ago

The Calgary Brewing and Malting Company, Limited, pioneer western firm, extended its Calgary facilities 40 years ago. Above picture shows a trainload of equipment arriving in the southern city to be installed in the new plant there. The firm this week opened a soft drink plant, fully equipped with the most modern machinery, in Edmonton. Note the address painted on the end of one of the tanks—Calgary, N.W.T., Canada.

Male Worker Awarded Pay For Overtime

CALGARY, May 18.—In district court Tuesday, Judge W. A. MacDonald awarded Allan Harris, Calgary service station worker, \$74.81 under the minimum wage act in a suit against Gordon Rhodes his former employer.

Under the minimum wage act a man may be employed only 34 hours a week. Harris worked 81 hours a week. He entered a claim for 28 cents an hour for each nine-hour day and 42 cents an hour for overtime.

Skull Fractured By Baseball Bat

VANCOUVER, May 17.—Jack Margach was in hospital Tuesday with a fractured skull suffered when a baseball bat slipped from the hands of a play-fellow and struck his head as he watched the game. His condition was "only fair."

Pioneer Dies

CALGARY, May 18.—William J. Neely, 71, pioneer Alberta rancher, died at his home in Cochrane, Alta., Monday night. Born in Markdale, Ont., he had resided in Alberta for 35 years.

Attika Puts Grave Shortage of Wild life Results In Drastic Action

Will Not Issue Further Licenses in North West Territories—Sustenance for Native Population is Threatened

Shortage of wild life in the North-West Territories, which has reached the point where sustenance for the native population is threatened, has resulted in an Order-in-Council being issued by the Mackenzie King government at Ottawa which will prohibit further hunting and trapping licenses being issued in that area.

The new order comes into effect on June 30, 1938, and after that date licenses will only be issued to residents of the North-West Territories, who at present hold hunting and trapping licenses and who continue to live in the district for which they were issued, or to children of those who have lived in the Territories for the last four years, provided such children still reside in the district.

All the present time the act permits licenses to be issued to residents of the North-West Territories living in the meaning of the act or to non-residents who, by June 30, 1932, held such hunting and trapping licenses regarding whether they continue to live there or not.

Native-born Indians or half-breeds living in the area of an Indian, or native-born Eskimos, or half-breeds living in the area of an Eskimo, are not affected, being still permitted to hunt or trap game in the North-West Territories without a license.

ROSS GIVEN SIX MONTHS IN JAIL

Pleading guilty to attempting to procure an abortion on a West-Indian waitress, Oscar Ross, 34, of Clinton St. Kinnaird, was sentenced to serve six months in Fort Saskatchewan jail by Mr. Justice Twiss, in a case heard in the district court Wednesday morning. Sentence will date from April 25, the date accused was arrested.

R. Ford Jackson, counsel for the accused, pleading for a lenient sentence, said accused made no attempt to evade the responsibility of his action and had assisted the police in their enquiries.

Mr. Justice Twiss, in passing sentence, said he had been influenced in his action by the fact that the girl had threatened to commit suicide if her condition was not remedied.

Mr. Justice Twiss in passing sentence said he had been influenced in his action by the fact that the girl had threatened to commit suicide if her condition was not remedied.

Tax Collections Total \$346,439

First instalment payments on property taxes have totaled collections for the period May 1 to June 16, 1938, the city tax collection department reported Wednesday. It is expected that many payments due on the first instalment date, June 16, are still up to date, as believed payments will total about \$380,000 when books are closed.

Have You Seen

Knut Johnson, who is described as being about 30 years of age, short with blond hair and blue eyes. He is usually equipped with a farm hand, lumberjack type of dress, and may be engaged in the trucking business. Any person having any knowledge of his whereabouts will greatly oblige by communicating with the Edmonton, Salvation Army, Ed. 2000, telephone 28875.

\$4,000,000 IS REMAINING FOR BOND EXCHANGE

Being Exchanged for New Debentures Under Debt-Extension Plan

Less than \$4,000,000 City of Edmonton bonds have now to be exchanged for new debentures under the city's 30-year debt-extension plan involving a total debt of approximately \$23,500,000. Charles Small, assistant city treasurer, reported Wednesday, it is expected the remaining \$4,000,000 in bonds will be exchanged by August next.

The exchange is being made under the refunding plan which provides for the retirement of old debentures and the issuance of new debentures in their place, the city's total debt being thus reduced to \$19,500,000.

The city's total of \$4,000,000 City of Edmonton bonds have now been exchanged in the British Isles, the remainder being exchanged in Canada and the United States.

Interest suspended
The city suspended interest payments on its bonds from February 1st, and as interest on the bonds would have been due May 1st and another big interest payment would have been due June 1st, bondholders will be forced to present their old bonds for exchange, since the city cannot pay out cash coupons on their old debentures.

The new bonds pay interest twice a year—February 1 and August 1.

\$2,500,000 DAMAGE SUIT STARTED

Action was started Wednesday morning by Joseph A. Clarke, K.C., on behalf of John Pennant, Ed. 2000, seeking \$2,500,000 damages against the Waterous, Ltd., and Industrial Engineering Co., Ltd., for breach of contract.

It is alleged in the statement of claim that Mr. Pennant agreed with the Waterous Company to purchase a car valued at \$500 on condition that the company should deliver to him the truck equipped for a power take off device. The Industrial Engineering Corporation agreed to finance the purchase of the truck.

A few months subsequent to the delivery of the truck, the company refused to deliver the truck equipped for a power take off device. The Industrial Engineering Corporation agreed to finance the purchase of the truck.

It is alleged in the statement of claim that Mr. Pennant agreed with the Waterous Company to purchase a car valued at \$500 on condition that the company should deliver to him the truck equipped for a power take off device. The Industrial Engineering Corporation agreed to finance the purchase of the truck.

DEFENCE FILED IN COURT SUIT

The defence that Harry Michell, clerk, resident at Havelock, was killed by a car, was filed in court today. The defence is that the car was driven by a woman who was a friend of the deceased.

Three Strangely Hurt In Crash

Three persons were injured slightly and an fourth escaped injury when an auto, allegedly driven by a woman, crashed into a car today. The crash occurred on the corner of 10th and 10th Avenue, near the intersection of 10th and 10th Avenue.

HERDS TESTED FOR DISEASE
LITTLE SAYS

All Dairyman Permit Tests of Cows Causing Undulant Fever Here

Testing of all 31 dairy herds supplying unpasteurized milk to Edmonton has now been completed in connection with the city health board's campaign to stamp out undulant fever, caused by drinking milk from cows infected with bovine contagious abortion. Dr. G. M. Little, medical health officer, reported Wednesday.

Of the 31 herds, 18 were found to be entirely free of disease; one herd was infected to the extent of 42 per cent; and nine were infected more than 25 per cent, Dr. Little said.

14TH TALENT PROGRAM ON AIR TONIGHT
Rehearsals for the big Bulletin-Kiwanis Radio Theatre Revue will be staged at the Empire Theatre May 20 and 31, with Foster Hewitt as master of ceremonies.

The McDougal Imperial Trio, who will be a feature attraction at the Bulletin-Kiwanis Club Radio Theatre Revue to be staged at the Empire Theatre May 20 and 31, with Foster Hewitt as master of ceremonies. This outstanding youthful singing and dancing trio, well known to western Canada, arrived in Edmonton recently and will make their home here. They will be heard live over CFRR 8.0 at 10 o'clock during The Edmonton Bulletin's Search for Talent Broadcast.

The above photo, left to right, Irvin, Isabel and Danny McDougal.

The Inquiring Reporter

As the League of Nations moves to make Italy's conquest of Abyssinia legal, the editorial figure of its dispossessed emperor, Haile Selassie, again takes the spotlight. "Do you think the recognition of Abyssinia will convert the League, which began as a peace idyll, into a virtual tragedy?" the Bulletin Inquiring Reporter asked. Here are the replies.

HUGH LORIMER, merchant: I think it is a great tragedy that it is whether the League of the African people will take the air, over CFRR, with Sid Lander at the helm as usual. Taking part are: Elizabeth, Harbaw, 15, vocalist; Thersie Brunet, 14, vocalist; tap dancer; The Rodinsky Twins, Harold and Albert, 11, piano duo; Lily Taylor, 18, vocalist; Victoria Leota, 17, vocalist; Victoria, 16, vocalist; 11, impersonator; Gene Langley, 15, vocalist; 11, vocalist.

Winner of last week's program, will be announced during the program, and will receive the five-dollar prize from The Bulletin and a gift from Henry Bick and Sons.

PROF. SHELTON NAMED TO HEAD SUMMER CLASS

Appointment of Prof. K. W. Shelton to be director of the summer session of the University of Alberta, announced by the University of Alberta, Wednesday, May 18, 1938, was announced Wednesday by Dr. W. R. Kerr, president of the U. of A.

Dr. Kerr said that Dean W. E. Alexander of the faculty of arts and sciences, who has resigned from the U. of A. to accept a post with the University of California, would remain in charge of the summer session. Prof. Shelton, one of the pioneer members of the U. of A. faculty, was appointed to the position.

Dr. Kerr stated that the appointment was approved at a recent session of the Board of Governors of the U. of A.

Dr. Kerr also announced that Dr. G. R. Brown, who is now in the department of the U. of A., will be in charge of the summer session. Dr. Brown is now in the department of the U. of A., and will be in charge of the summer session.

Convicted on a charge of stealing a car, Fred Melnyk, a pedlar, was sentenced to serve four months in jail today. The charge was brought by the Regina Police.

GIRL INJURED WHEN STRUCK BY AUTOMOBILE

Steping from the south curb of the street, a girl was struck by the front end of a car today. The girl was injured and taken to the hospital.

Man Making Blast Threat

Overpowered
GREATBOLT, Ont. May 18—A man carrying a bomb, who had threatened to blow up a police station, was overpowered Tuesday by Chief of Police Harry Blair and Constable J. W. Brown. The man was taken to the hospital.

I Saw Today POWER PLANT COALING CRANE COPPLES OVER

Travelling Derrick Tips While Moving Steel Equipment

Overlooked while moving steel equipment for the new power plant extension, the travelling derrick and coaling crane used for piling coal and shunting cars at the city power plant toppled over on its side shortly before the city. No one was hurt, and City Commissioner Robert E. Gibb reported it was believed the crane had been damaged.

While repairs are being made to the crane, which is moved back and forth on tracks along the main line, the coaling crane will be used for piling coal. It is expected repairs will require a few days to complete.

Commissioner Gibb reported that the accident occurred while the travelling derrick was being moved to its new position. The derrick was being moved from its old position to its new position.

City Woman's Brother Dies
News of the death in Calgary Tuesday of Philip Lynch, 62, returned soldier who farmed at Swift Current, Sask., has been received by Mrs. J. A. Lynch, who lives at 1014 10th St. in the Holy Cross hospital, following a six-week illness.

Found guilty of obtaining \$11,500 from the Edmonton special relief department by false pretences. Frank E. Miera, Edmonton, was sentenced to serve a month in jail, with a fine of \$100, for obtaining \$11,500 from the Edmonton special relief department by false pretences.

JESUIT LEAFS GET THE STRAIGHT BOXLA WINS

Welders, Leafs Beaten By Leaders

LEAGUE STANDING

Team	W.	L.	D.	P.	A.	Pts.
Jesuit College	3	0	0	10	6	3
West End Reds	3	0	0	10	6	3
Saskatoon Welders	1	1	0	6	12	3
West End Blacks	1	1	0	11	12	2
Maple Leaf A.C.	0	2	1	4	15	1
South Sides	0	2	0	5	15	0

JESUIT College and West End Reds continued their merry march through the Edmonton Box Lacrosse league last night by defeating Saskatoon Welders and Maple Leafs respectively to remain in a tie for the league leadership. West End Blacks ousted the Leafs from fourth place as they chalked up their first win of the season, thumping South Sides 4-2.

Friday night the league leadership will be at stake as Reds clash with the Collegians at 119 street. Neither team has been beaten this year and it should be a real battle. Thursday night at the same rink, West End Blacks will tangle with Saskatoon Welders, while the game between South Sides and Maple Leafs, scheduled for Thursday night at South Side will be played Friday evening. All games to start at 8 p.m.

Trap Season Opens Up With Close Scoring

The Edmonton Gun Club cut loose its first official barrage of the season last night when members indulged their exteriors in a big bout of clay targets.

All Midge was the sponsor in "A" class, Alf Gerrie, capped it in "B" class, while four shooters led off the silver in "C" class.

Violently was back and a cross wove gave the targets a tricky drift, but scores were exceptionally good nevertheless. The detailed results follow:

CLASS "A"

Bill Midge 24, J. Glen 23, W. C. Davis 23, C. E. Brown 23, B. Potter 20.

CLASS "B"

Alf Gerrie 23, D. Potter 22, B. Potter 20.

CLASS "C"

L. D. Doull 19, H. R. Coulman 19, F. M. Owens 18, H. Skelton 19, W. L. Perrie 17, D. Brown 17.

Gordon Grayson Wins By Knockout Against Carrington

CALGARY, May 18.—Gordon Grayson, of Wainwright, Alta., scored a third round knockout over Robin Carrington, of Vancouver and formerly of Calgary, in a scheduled 16-round fight here last night. Carrington, a Canadian amateur lightweight champion in 1934, turned pro on January 6, 1936, and has been built up in the Pacific coast ever since.

In the semi-windup Muzzy Callaghan, Calgary and Billy Empe, Vancouver, fought eight rounds to a draw.

New Champions Dominion Boxing

WINNIPEG, May 18.—Champions crowned in the final bouts last night at the Dominion amateur boxing championships follow:

Flyweight—Freddie Ward, Hamilton.

Bantamweight—Tony Roberts, Winnipeg.

Featherweight—Billy Brady, Winnipeg.

Lightweight—Frankie Williams, Kitchener, Ont.

Welterweight—Gordon Schmalz, Kitchener, Ont.

Middleweight—Joe Ashenbrenner, Vancouver.

Light-heavyweight—Andy Miller, Kenora, Ont.

Heavyweight—Dick Syme, Fort William.

Regina Riders Sign Ex-Kansas State Grid Star

REGINA, May 18.—Regina Roughriders announced last night a former Kansas state football star, Howard Cleveland, will be with them in the Western Interprovincial Union this fall.

Cleveland, selected on the all-conference team last season, stands six feet three inches but weighs only 168 pounds. A product of the college that gave Playing-Coach Dean Glavin and quarterback Earl Lander to the Roughriders, Cleveland will alternate with Lander as quarterback and at halfback. Roughriders claim he is a fine punter, good passer and an outstanding at running back punter.

Sneak Shooting Billed Thursday

Edmonton Gunners, one and all, have an itch to shoot their shotguns, are cordially invited to turn out for the season's first skeet shoot at the grounds of the Edmonton Gun Club, east of the Dawson Mine, at 6 p.m. Thursday.

Shooting is the one thing to actual wing shooting that has been developed and the layout is the most complete and second to none.

Ladies' Ball League Opens Friday Evening

Army and Navy Pats will clash with the Orange Crush ladies at the Maple street diamond Friday night when the Edmonton Ladies' Ball League opens its season.

Schmalz League swings into action for another season. Five teams will chase after the league point this year, with Black and White Stars, Red and White Stars and Silver Lake teams also being entered.

A strong, well-balanced league is being the starting out, with members of last year's senior provincial champion, Redlands, scattered throughout the entire league, giving strength to all teams.

The Orange Crush ladies will probably start their fireball hurler, Lightnings, Frankie Williams, Red and White Stars, and Silver Lake, also will have little love lost between these clubs in the past and each will be out to chalk up a victory in the first game of the season.

The first round team at home, the league by throwing the first ball.

Counsel Has Fear Disallowance Power Nullified

Order-in-Council Declared Defeat Governor-General

Skeleton Acts Clothed With Ministerial Power, H. G. Nolan, K.C., Said in Suit Challenging Provincial Statutes

CALGARY, May 13.—Fear that legislation by Order-in-Council would defeat the power of disallowance vested in the Governor-General-in-Council was expressed by H. G. Nolan, K.C., before Mr. Justice W. R. Howson in supreme court here Tuesday.

In an action challenging the validity of the Alberta Social Credit Act and the Licensing of Trades and Businesses Act, 1937, with subsequent regulations made by the Order-in-Council, Mr. Nolan appeared for the Motor Car Supply Company of Canada, a Dominion chartered company with headquarters in Calgary. The action was brought by Hon. William Aberhart, the defendant.

The action was started following demands of the attorney-general's department that the company should obtain a license to carry on a wholesale business in Alberta.

NO POWER LEFT
"It was as long as the way we are going in this province and clothes skeleton acts with ministerial power or Order-in-Council, there will be no power left in the Governor-General-in-Council to disallow," claimed Mr. Nolan.

The act, which provided for the licensing of all trades and industries, gives the minister of trade and industry considerable power to regulate all businesses in Alberta.

He charged the trades act contained "nothing but the exercise of ministerial power or intent" and that it was "merely a method of enabling the executive government to legislate."

"All things done by the executive government are done in the name of the Governor-General-in-Council," he said, "and the Governor-General-in-Council is the only body that can exercise the power of disallowance."

CANNOT DELEGATE
"Provincial legislation enjoying limited jurisdiction cannot be delegated to the executive government," he said, "and the Governor-General-in-Council cannot delegate an unfettered discretion which itself does not possess."

Mr. Nolan contended a province could not legislate so as to deprive the Governor-General-in-Council of its power of disallowance.

POWER TO LICENSE
The province has the power to impose licenses on Dominion incorporated companies for the purpose of raising revenue or for regulating local trade," said Mr. Nolan. But, he added, it is not proper to impose regulations which would hamper a Dominion incorporated company's operations.

Under the Alberta Trade Act, the Lieutenant-Governor-in-Council could exempt every trade, business or occupation from the provisions of the act, subject to the power of the Governor-General-in-Council.

CANNOT ARBITRATE
"A provincial legislation," added Mr. Nolan, "cannot abrogate its legislative functions. It could, however, seek the assistance of subordinate agencies but the power of a subordinate agency must be subordinate to legislative power."

"There never have been conditions such as are mentioned in this act," Mr. Nolan said. "The minister was given power to exempt the subject matter of the act from the provisions of the act. He could exempt licenses and could refuse to issue them if he thought it was not in the public interest."

The act empowers a general prohibition to stop Dominion companies from trading in Alberta," he claimed.

The hearing will continue today. Mr. Nolan had not yet had his argument when court adjourned last night. No witnesses were heard during the afternoon session.

W. S. Gray, K.C., and J. J. Frawley, K.C., of Edmonton, are representing the attorney-general's department at the hearing.

Coroner Braithwaite Instructs Jurymen to Forget Blame to Forestall Rumors

HINTON, Alta., April 17.—Inquiry into the Hinton mine disaster March 20, which claimed the lives of five men, following an explosion in the pit, opened Tuesday before Coroner Dr. A. Braithwaite, of Edmonton, and a jury of six men.

In opening the probe Dr. Braithwaite instructed the jurymen to forget any and all conversations and rumors they had doubtless heard and to make their final decision from the facts they gathered from witnesses in the case.

Many witnesses were heard during the day and at 9:30 p.m. the inquiry adjourned until 9:30 a.m. Wednesday.

CONCLUSION
Dr. Braithwaite, the first witness, explained how he had been taken to the mine at the time of the disaster during his weekly visit to the colliery as mines doctor. He stated that in his opinion only one of the men injured had suffered from concussion and that in that case only slightly.

William Aikins, fire boss on the afternoon shift, said that he was in the mine had no smell and that the regulations laid down for the mine were not being followed.

BASHAW FARMER ACQUITTED IN ABORTION CASE
Aquit on a charge of procuring an abortion by Mr. Justice T. M. Tweedie in supreme court Tuesday afternoon.

Henry Cook, Bashaw farmer, was immediately taken into custody by Royal Canadian Mounted police on a charge of contributing to the delinquency of a juvenile.

Mr. Justice Tweedie, in a judgment, charged jointly with Cook with procuring an abortion, was also found not guilty of the offence.

MAPS SHOWN
Robert Williams, mines surveyor, produced maps of the workings of the mine and gave a thorough description of the mine, including air passages, underground workings, and electrical cables, also the Brattion system of ventilation.

Joseph Peltier, a witness, said he was in the mine at the time of the explosion. He was not injured but he was very close to the explosion.

CHINESE, JAPS MAKE CHARGES SMART TRICKS
SHANGHAI, May 13.—Chinese and Japanese Tuesday charged each other with duplicity in the dispute.

The Chinese said three Japanese planes painted with Chinese colors bombed Lushan, on the Hsueh-Shan border, killing 30 people. The Japanese replied that a Chinese plane painted with Japanese colors bombed Japan.

Majesties Tour Colton District
LIVERPOOL, May 13.—The King and Queen Tuesday drove 60 miles through the heart of Lancashire's cotton weaving and spinning, also getting a glimpse of Lancashire's playground, Blackpool.

"I would Be Just Too Bad For Those Tall Spires"

It would be just too bad for those Manhattan skyscrapers in the photo above were enemy planes instead of the U.S. Army's giant bombers. The photo shows a crowd of people gathered in front of a tall, ornate building, likely a church or government building.

INSKIP STATES PRODUCTION OF PLANES RAPID
LONDON, May 13.—Sir Thomas Inskip, minister for defence construction, said today that the production of bombers for the Royal Air Force was increasing at the rate of 1,000 a month.

Defending Viscount Simon's "stupendous" claims in a speech to the House of Commons, Sir Thomas said the number of workers in shadow factories had increased 15-fold in the past nine months.

The figure of 3,500 first-line planes, set for completion by April 1940, "may not be the limit of what we must do one day reach," Sir Thomas said.

Mackenzie King Will Give Address At Liberal Meeting
OTTAWA, May 13.—State of the Liberal party's electoral organization was 73 delegates, representatives of every province, gathered here for the private one-day session of the advisory council of the National Liberal Federation.

Tanker Refloated
VICTORIA, May 13.—Fifty feet last night refloated the Union Oil Company tanker Santa Maria from the beach and a mile from Victoria harbor where she was driven ashore early Tuesday.

Rocky Mountain Ranch Is Sold
CALGARY, May 13.—Sale of the Rocky Mountain, also known as the 200-acre modern thoroughbred breeding farm, to Margaret Macdonald, Calgary oil operator, was reported Tuesday. The ranch was founded and owned by John Hartz, noted western horseman. The sale price was not announced. It is located a few miles west of Calgary.

BRAKEMAN'S HERO SAVING RACING TRAIN

Injured Man Crawls Long Way to Set Warning Fuse

PORT ARTHUR, Ont., May 13.—Heroic efforts of Walter (Walby) Simons, brakeman whose injuries failed to prevent him from signaling an oncoming westbound freight train by his own engine went over a 40-foot embankment, were told here Tuesday.

The two crew survivors of a Canadian Pacific railway train accident near Schreiber, Ont., 120 miles east of Port Arthur, Ed. Grove, conductor, and Simons, were removed to McKeel hospital here today.

Three men were killed. A. K. Kinsman, trainman, was killed. A. K. Kinsman, trainman, was killed. A. K. Kinsman, trainman, was killed.

Simons, who suffered a badly crushed left leg and face injuries, claimed "any one of the boys would have done the same," when asked how he managed to signal a westbound freight train going down a six-mile grade from Schreiber, Ont., 120 miles west of Schreiber.

"I remember seeing Eddie (Grove) shoot clear over my head and out of the road," said Simons. "In a split second I followed as if shot by a catapult. I landed in a brush-cut 40 feet below the tracks."

Simons, his knee pain and his head streaming blood, groped his way among the wreckage until he found a switch and turned it.

Oil Conservation Board Will Meet At Calgary Today
CALGARY, May 13.—W. F. Knott, Corpus Christi, Texas, engineer and chairman of the national petroleum and natural gas conservation board arrived here last night.

Divorce Bill Is Trimmed Down
OTTAWA, May 13.—The bill of Senator LeMay, of Winnipeg, which provides for the divorce of a woman from a man, was amended today.

Bombs Ordered
OTTAWA, May 13.—National defence department officials disclosed an order for 20,000 practice aerial bombs, without powder, had been placed with the firm of Farmer and Buller of Guelph, Ont.

Aberhart Offers To Show Dunning How To Run Bank

MAIDSTONE, Sask., May 13.—Premier Aberhart of Alberta voiced a warning here Tuesday that Hon. C. A. Dunning, Dominion finance minister, "better be careful or I'll call his bluff some day and show him how to run a bank."

Mr. Aberhart made the statement in reply to a written question at the end of his second public meeting in his two-week speaking tour of Saskatchewan as part of the Social Credit campaign for the June 4 provincial general election.

The victims were Dr. H. G. Wyatt, physician, and Miss Beulah Galt. The story was brought back by a fellow missionary travelling with them north of Tatum, Saskatchewan capital, where the incident occurred.

Mr. Aberhart said the statement was made at a meeting held at a private home in Tatum, Saskatchewan. He said the statement was made at a meeting held at a private home in Tatum, Saskatchewan.

Young Farmer Found Insane After Killing
BATTLEFORD, Sask., May 13.—A jury in king's bench court here Tuesday found Mathias Vogel unable to stand his trial because of insanity. Vogel, young Goodwill settler, was charged of murder, following the March 21 shooting of his wife, Rose Vogel, mother of three young children.

Three Convicts Retaken After Dawn Escape
COLUMBIA, S.C., May 13.—Three convicts who escaped here before dawn Tuesday from the Richland (Columbia) county jail were recaptured last night several miles north of here. George Wingard, 19, of Columbia, and Herbert Mouton, 40, of Detroit, Mich., were taken after a 300-yard chase and one hour later. Claude, 30, of Rochester, N.Y., was apprehended.
